

ROMAC

INFORMATION TECHNOLOGY – SAFE AND SECURE DECOMMISSIONING

ROMAC PROVIDES NATIONWIDE EQUIPMENT DELIVERY AND DECOMMISSIONING SERVICES FOR A MAJOR BANKING CLIENT, WHO NEEDS SPECIALIST SUPPORT VIA THE CUSTOMER'S IT SOLUTIONS PROVIDER.

Romac's solution

- Romac planned and scheduled the works programme for decommissioning from sites
- Romac worked with customer staff and the project team to ensure effective execution and managed the collection of old equipment and installation of new
- Romac supported the implementation of the roll-out of new equipment, which included full end-to-end asset tracking

Romac also provides flexible ad-hoc support, including:

- Delivery and collection of IT equipment from all branches in the UK and Channel Islands
- Collection of old or redundant equipment from site
- Asset tracking of all equipment
- Carrying out non-scheduled installations
- Collection and redelivery of large equipment

Results

Romac has worked with this banking customer and IT Solutions partner for many years and completed this project successfully to the highest levels of service across the entire estate.
