## **RAIL – NEW TICKET VENDING SYSTEMS FOR SOUTH WEST TRAINS**

*SOUTH WEST TRAINS WERE KEEN TO MODERNISE AND IMPROVE ITS INFRASTRUCTURE, CUSTOMER SERVICE AND EFFICIENCY WITH NEW TICKET VENDING MACHINES AND BARRIER CONTROLS.*

*SCHEIDT & BACHMANN ARE A LEADING PROVIDER OF PASSENGER OPERATED TICKET VENDING AND BARRIER SOLUTIONS. ITS SOLUTIONS ARE ALREADY IN PLACE WITH OTHER TRAIN OPERATING COMPANIES (TOCs). SCHEIDT & BACHMANN REQUIRED A PARTNER WITH COMBINED LOGISTICS AND INSTALLATION EXPERTISE AND LOOKED TO ROMAC TO ASSIST THEM IN THIS TIME CRITICAL PROJECT.*

## Romac's solution

Romac supported Schiedt & Bachmann in the delivery of the project with an end-to-end collection, delivery and installation service.

This included collection of hardware and delivery to stations during rush hour periods, except mainline stations, where work was carried out in engineering hours. Romac positioned and bolted down all equipment at point of use on special pre-laid cement plinths.

## Results

Romac completed the project successfully on time and to budget with minimal disruption to services. Romac's work is widely recognized to be first class in quality, service, people and delivery.

## Romac Services for the Rail Industry

Developing a modern and efficient rail transport infrastructure is a major priority for the UK. Network Rail has a large investment programme to achieve this focused on key areas, such as signaling and communications. Romac, working together with other contractors provides the specialized end-to-end logistics and installation services needed to support these programmes:

- Romac holds 'Link-up' approval. Our FTE operatives hold PTS
- Project management; site survey/risk assessment, end-to-end documentation
- Warehousing/inventory management
- Equipment configuration
- Installation and kitting
- Time-specific deployment
- Reverse logistics and responsible disposal

## About Romac

Romac is a specialised support services business providing final mile delivery and installation services across a wide range of industries from rail and underground transport infra-structure to telecommunications to imaging, retail and banking sectors.

No challenge is too great for our dedicated teams of technicians, logistics experts and project managers.
